

Meet this year's guests!

ELY CLEMENTINA VALENTINA ARGELIA

Today, Central America's Northern Triangle is one of the most dangerous regions in the world. In numbers not seen since the 1980s, Hondurans, Salvadorans, and Guatemalans are fleeing violence, gender-based assault, and increased militarization in hopes of finding refuge in the United States.

Partnering with grassroots organizations across six countries, UUSC is working to address root causes of violence in Central America, provide direct aid along the migration route, and support the rights of migrants in the United States.

You can learn more about Central American migrant justice, UUSC's programs, and ways to get involved at uusc.org/guest.

The Unitarian Universalist Service Committee (UUSC) is a 78-year-old human rights organization that advances human rights through grassroots partnerships. Guest at Your Table is the UUSC's annual intergenerational program to raise support for and awareness about critical human rights issues.
